Dear Village Resident:

Archbold Refuse Service, Inc. is proud to be the chosen provider of refuse and recycling services for residents in the Village of Delta. While the current refuse bag program will continue, there will be changes to the recycling service now provided. Please note beginning February 2025, the village has been split into two sections to accommodate the recycling volume. Please refer to the enclosed map and schedule for your recycling dates.

We are pleased to announce two new services that will be available to Delta residents. The service updates are outlined in this correspondence and require your attention.

Recycling Services:

ARS will be providing recycling services every other week beginning February 2025. The village has been split into two sections to accommodate the recycling volume. Please refer to the enclosed map and schedule for your recycling dates.

In addition, ARS will be providing **any** resident wishing to recycle with a 65-gallon recycling cart. Once carts are deployed all recycling will only be collected via the cart system. We expect to deploy the new required carts approximately April 2025. If you want to receive a recycling cart, please return the enclosed request form, or you may call 419-783-1969 and leave your name, address, and telephone number. We will only deliver recycling carts to residents responding to this request. Please note that if no response is received from an address, no recycling cart will be delivered, and no recycling services will be available at that address after we deploy the cart service in April 2025. Recycling carts are for residential units only. There is **no additional cost** to residents for recycling carts. Owners of properties with 3 living units or more may arrange for commercial recycling services by contacting ARS.

Requests for carts must be received by ARS via mail or telephone message by January 31, 2025.

Carts will be ordered from the manufacturer and delivered to residents around April 2025. Please continue to recycle as you are now until the carts are delivered. Carts containing non-recyclable items will be tagged and left. Please refer to the acceptable recycling items list on the ARS website (<https://arsrefuse.com>).

Optional Refuse cart services:

At your option, a resident residing within the Village of Delta may arrange to use an ARS 96-gallon cart for weekly refuse services.

- The program includes one full 96-gallon cart per week with the lid closed (not exceeding 90 lbs.). Households wishing to use this service will be billed quarterly by ARS. The cost is \$24 per month.
- Residents utilizing the refuse cart will not be required to purchase Village of Delta refuse tags for bags going inside of the container. Any additional bags outside of the container will require a refuse tag.
- Residents are required to use the ARS provided refuse cart for this program.
- Please contact the ARS office at 419-445-5391 to set up this service. Payment will be required at the time of setup.
- This is an optional service; however, if you are setting out two or more 30-gallon bags weekly, this option is less expensive than tags and the cart is included in the cost.

Refuse bag tags will continue to be available for purchase at the village office for residents wishing to utilize the tag system only.

Cut and return to ARS to OPT IN to recycling services:
